

**Know what's below.  
Call before you dig!**

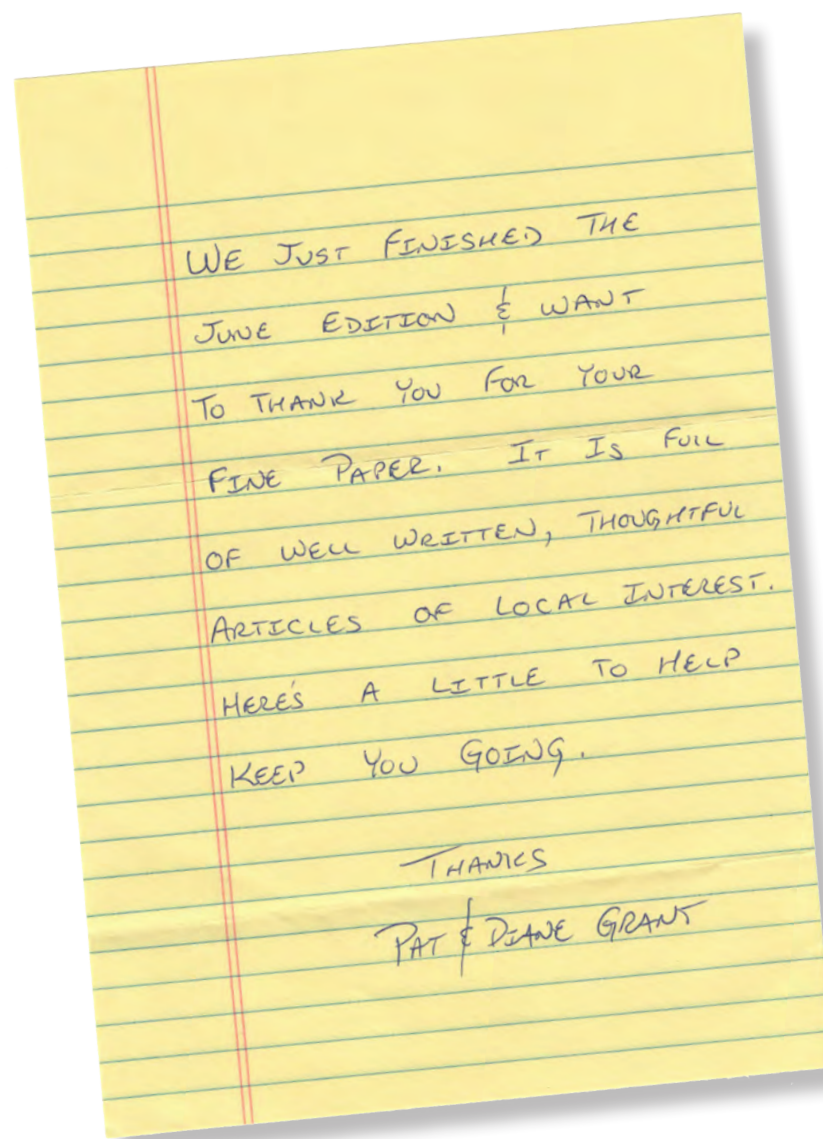

Peninsula Light Company encourages people to make a free call 10 days before digging to know what's below.

Installing a mailbox, building a deck, planting a tree and laying a patio are all examples of digging projects that need a call to 811 before starting.

Striking a single line can cause injury, repair costs, fines and inconvenient outages.

Every digging project, no matter how large or small, warrants a call to 811.

Thanks, Pat & Diane. We truly appreciate it.

As the only independent community newspaper serving the Key Peninsula area, we have quite a large responsibility to deliver a monthly review of what's happening in our part of the world.

Our work is made possible by the advertisers you see on these pages and by hundreds of friends and neighbors who contribute to the newspaper every month, year after year.

There are three simple ways you can join the Grants to keep the KP News going.

Read the paper every month. Please, let us know how we're doing in our reader survey at [bit.ly/2Xlm2CV](http://bit.ly/2Xlm2CV)

Next, be a vocal supporter of our advertisers. They are vital to the health of our community, not to mention their ads help pay our expenses every month.

And if you can, give a donation. You'll be in good company and every dollar helps keep us growing.
