We here at Pampered Paws are dedicated to the dogs of the community. We treat them as if they were our own! Tammy Thomas has been working with your pets for over 20 years and in 2018 opened up for Boarding and Daycare on the south end of the island. We absolutely love our job! Tammy does an amazing job at providing the knowledge and the tools we need to thrive at our business. We are devoted to the attention, exercise and observation needed to keep your animals safe. We provide daycare and boarding seven days a week. We now have two lovely ladies working with us, Cindy Moreno and Emily Bruce, who show so much compassion toward our clients and their animals. Cindy has worked with animals all her life and has worked in kennels since 2011. She says there is no other job meant for her. Emily Bruce has joined our team and is very excited to continue her experience with Pampered Paws and all our four-legged friends. Together we make a happy, hardworking team. Our facility has 20 indoor kennels in a 2500 sq ft building. We currently have two large yards for dogs to use to socialize and exercise in. When it rains and pours, we do bring them inside for indoor play time. We hope to expand our yards in the coming year for more doggy fun! Please consider Pampered Paws for boarding and daycare!

A NEW MOTHER-SON DYNAMIC DUO!

Buying or selling a home can be daunting and to every transaction I bring skills developed through helping hundreds of people successfully navigate the process and maximize value. My skills and efforts to help prepare homes for market result in quick, smooth sales, often at above listing prices.

Here's what a few others have said recently:

"Leslie Ferriell is the best realtor we have EVER worked with. She is knowledgeable, always professional and supportive of her clients. If we could have given her a "10" we would have. It has been a great pleasure to work with her."

"Leslie Ferriell has been amazing as a realtor! She committed innumerable hours to our project from its conception through completion. She guided us through improvements and timing with sensitivity to our budget and vision. She pointed us to skilled and amiable contractors who were prompt and enjoyable. She professionally coached us through the sale. Her skills resulted in a quick closing to fantastic buyers during a challenging pandemic. We highly recommend Leslie Ferriell."

"Leslie is amazing! Tremendous skill and loads of experience, a solid understanding of the area and the community, but it doesn't stop there; she also has a great heart and knows how to help people navigate the hard work and depth of feeling involved in buying and selling a home. A wonderful agent. Highly recommended."

Announcing a new partner!

I am proud that for over 15 years so many of you have chosen me to guide you on this journey and I am thrilled to announce a new addition to my team. Together, my son Sam Hankin and I have a new office, but bring the same exceptional deep island knowledge, experience and ethics.

Sam works from a strong background in business management and customer service; he is thoughtful, intelligent and hard-working and now puts these qualities and experience into action as a real estate agent – he will make a great one!

Our homes are the most personal, meaningful spaces in our lives; they are sanctuaries, especially now. Gardens have become our most precious refuge, and outdoor spaces a safe place to spend time with others. Often, homes are our most consequential investments, too.

We look forward to hearing how we can help you realize your dreams for the most important place in your life, whether you are moving up, away or to the island for the very first time.

Vashon Island's very own shop for all things Green! Island run and staffed, this store is Vashon's gem for all your cannabis related needs. Located in the heart of town, we specialize in everyday low prices, above-and-beyond customer service, and carrying what the people of the island want and need. We go deep in the industry to source the best that Washington has to offer, and the result is a staggering line up we are pleased to provide every day.

waldron designs
our passion. your paradise.
vashon design-build

Our clients have found their forever home, but feel stuck in a space that does not suit their tastes or meet their needs. They know how they live in the space, but not how they could live better. They know what they do not like, but not how to work with the existing building to create something they love.

Founder, Rachel Waldron has been designing on Vashon for 7 years, and in the past year welcomed five people to the crew to offer design-build services. We are excited to see your dreams realized through your project, start to finish!
